About Me

Passionate about Technology, with a solid foundation from ITE and previous studies in Infocomm & Security at Nanyang Polytechnic. Actively involved in school events, holding leadership roles that enhance skills and dedication. Committed to continuous learning and eager to contribute to the dynamic IT community.

Projects & Experience

Monetary Authority of Singapore (MAS) | DevOps Engineer Intern

Sept 2025 – Feb 2026

- Architected and built an automated vulnerability scanning pipeline performing Nexus Repository artifact scans and Nexus IQ application analysis across 4 ecosystems and 2 environments, generating reports for 200+ applications and reducing manual validation effort by ~70%.
- Designed and deployed 15+ GitLab CI/CD pipelines and reusable templates, including migration of legacy Jenkins pipelines to GitLab CI.
- Developed Python REST API automation to fully automate GitLab group and project onboarding, access provisioning, and permission management, reducing manual setup effort by ~80%.
- Supported 5+ application teams in OpenShift deployments, DAST pipelines, and CI/CD automation.

WorldSkills Singapore 2025 Preparation | IT Network Systems Administration

Jun 2024 – Apr 2025

- Configured and secured IT infrastructure across Linux and Windows environments.
- Implemented authentication, directory services, DNS, and encryption mechanisms.
- Managed and secured networks with firewalls, VPNs, and system deployments.
- Hardened mail and web services with secure configurations and access controls.
- Ensured reliability and protection through encryption and security best practices.

Nanyang Polytechnic | Advanced App Development Project

Oct 2024 – Feb 2025

- Developed a secure e-commerce platform using ASP.NET Web Forms (C#) and SQL Server.
- Integrated Stripe-powered checkout for secure payment.
- Implemented user authentication with hashed passwords (BCrypt) and email OTP verification.
- Added 2FA, OAuth 2.0, and session security for enhanced protection.
- Designed a dynamic interface using Tailwind CSS, Bootstrap, and JavaScript.

Education

Nanyang Polytechnic (NYP)

Diploma in Infocomm & Security

Apr 2023 – Mar 2026

- **cGPA: 3.88**
- Director's List for 4 semesters
- **Edusave Awards:** Edusave Skills Award 2025 and Edusave Academic Award 2024 & 2025
- Medallion for Excellence in IT Network Systems Administration at World Skills Singapore 2025

- NYP Scholarship Awardee
- Best Performing Student in Cohort for Year 1
- **Distinction Modules:** Cyber Security Attack and Defence, Systems and Network Security Project, Systems and Network Security, Database Management Systems, Network and Communications, System Administration & Security, Business Statistics, Network Technology and Infocomm Security

Institute of Technical Education (ITE) College East

Higher Nitec in IT Systems & Networks

Apr 2021 – Mar 2023

- **cGPA: 3.867**
- Outstanding Graduate Awardee
- Director's List for 3 semesters
- **Edusave Awards:** Edusave Academic Award 2022 & 2023, Edusave EAGLES Award 2023 and Edusave Character Award 2022
- **Distinction Modules:** System Programming, Wireless & Network Security, Advanced Networking, Virtualization, Applied Scripting Using Python, Computer Maintenance & Operating Systems, Networking Technology and Linux Essentials

Skills

- **CI/CD & Automation:** GitLab CI, Python, Bash
- **Containers & Deployment:** Docker, Podman, OpenShift
- **System Administration:** Windows, Windows Server (2016, 2019, 2022), Linux (Debian, Red Hat, Ubuntu)
- **Networking & Security:** Kali Linux, Wireshark, LAN/WAN, TCP/IP, Firewalls, VPNs, Encryption, Routing
- **Web Development:** HTML, CSS, Tailwind CSS, JavaScript, Python Flask
- **Programming Languages:** Python, C#, JavaScript
- **Data & Database Management:** SQL, Tableau, KNIME, Orange

Participated Events

- World Skills Singapore 2025 for IT Network Systems Administration - Apr 2025
- Cisco APJC NetAcad Riders Participant – Mar 2025
- Cisco APJC NetAcad Riders Participant - Apr 2022

Extracurricular Activities & Leadership

WorldSkills Singapore 2025 Preparation | IT Network Systems Administration

Jun 2024 – Apr 2025

- Training for WorldSkills Singapore, focusing on advanced networking and system administration for national-level competition.

School of IT Club | Subcommittee Member

Feb 2024 – Sept 2025

- Organized events, promoted club activities, and enhanced student engagement through initiatives.
- NYP Parent's Seminar 2025, NYP Open House 2025 & 2024, NYP EAE Festivals 2023 & 2024 and Freshman Orientation Student Mentor in 2024.
